

“A country’s greatest investment lies in building generations of educated and knowledgeable youth”

The late Sheikh Zayed Bin Sultan Al Nahyan, Founder & First President of the United Arab Emirates

And that is what **WEYAKUM is about!**

@weyakum

Weyakum, meaning ‘with you’ in Arabic, is a non-profit social enterprise with a mission to equip **Emiratis** (UAE Nationals) with the skills necessary to succeed in realizing their **educational** and **professional** aspirations.

How We Do It? We explore and identify the interests and aspirations of Emiratis at the university level all the way through to young professionals. Whether it is helping them set up their **social enterprise**, join the **United Nations** or pursue a degree at a top notch **academic institution**, we offer our full support!

Why We Do It? Our vision is to contribute to the UAE’s efforts of creating a more **diversified** and **competitive Emirati work force** to fuel its transition to an **innovative, knowledge-based** and **sustainable economy**.

Looking forward to working **weyakum (with you)!**
